Plaintiff's Request to Strike  
Doc. No. 151. SC Fling.

ANTHONY ANNUCCI, et al.,

Defendants.

Hon. Judge Nelson Roman,

MEMO ENDORSED  
In the interest of helping Mr. Bright, I respectfully request that my supplemental complaint pleading, Docket No. 151, filed while I was still representing Mr. Bight, be stricken from the record pursuant to Mr. Bright's wishes. Docket No. 177. He now deems the pleading as not reflective of our telephone conversation and does not wish for it to "prejudice," his position on the supplemental complaint before Judge Davison. When the pleading is removed, this will allow Mr. Bright to better begin his self-representation.

I also request that Mr. Bright be allowed to re-file any response he deems fit to articulate a complete approval of his wishes for supplemental complaint approval.

Please accept this request as part of my professional withdrawal obligations to the Court consistent with Plaintiff's interest.
